**COSMO - wi-fi control**

Cosmo is the innovative wi-fi technology that allows you to constantly connect and monitor from your smartphone the MODI blast chiller. MODI can also be a Cosmo hub and allow remote supervision of all Coldline devices connected to it. From the Cosmo app you can check the operating conditions of each machine in real time and receive alerts in the event of abnormal operation. Cosmo constantly compares the performance of the device with the ideal ones and, in case of significant differences, suggests the necessary maintenance. The MODI software can receive periodic updates released, with the latest features developed.
