

VACUUM SEALER CV300

CUISINECRAFT®

CUISINE TECHNOLOGY & SOLUTION

Certificate:CE GS RoHS

Voltage : 100-120 V~60 Hz
/ 220-240 V~50 Hz

Power : 630 W

Pump Pressure : -29.7" Hg /-1006 mbar
/-29.5" Hg /-999 mbar

Vacuum pump: dry pump

Max bag width: 300 mm / 12"

Seal wire width: 3.5 mm /0.14"

Seal bar: 1 PCS

Seal bar length : 295mm/11.6"

Chamber Size :
L350xW300xH110mm
/ L13.8"xW12"xH4.3"

Overall size :
L429xW359xH345mm
/ L16.9"xW14.1"Xh13.6"

Weight :
24.4Kgs / 53.8 Lbs

Packing : 1 box/ctn

Packing : Carton

Carton Size(mm) : 535x470x460

G.W. : 26.6 kg

N.W. : 24.4 kg

Compact size, suitable for
commercial and household use

Extends the shelf life of food

Effectively vacuum seals liquid
and wet food

Can use with normal plastic bag,
save cost

New machine structure
: lower the height
of the machine during using

More user-friendly design
: Add bag-clamp device inside
the vacuum chamber, users can
place and fix the bag easily

Save time
: use large displacement pump
to increase vacuum speed

No need of normal filler plates

Adjustable cycle time and seal time

Instant seal function

Digital displays of vacuum level,
possesses a sense of High-Tec
