

BLAST FREEZER BF610

CUISINECRAFT®

CUISINE TECHNOLOGY & SOLUTION

Certificate: CE

Voltage :	110V-120V/60Hz 220-240V/50Hz	Capacity :	10 xGN1/1 (530x325mmx40-65mm), 10(600x400) oven dish
Power :	1350W/1250 Watt	Tray Pitch :	10cm
Yield :	90°C +3°C 40Kg 90mins 90°C -18°C 35Kg 240mins	Inner Size :	645x409x1045mm
Electric Current :	10A/5.2A	Overall Size :	785x740x1563mm
Defrost mode:	Smart+Manual	Packing Size :	905x875x1750mm
Housing Material :	Stainless steel	N.W.(Kg) :	125 kg
Inner Material :	Stainless steel 304	G.W. :	175 kg
Condenser Dust Filter :	Yes		
Gross Capacity:	276L		

Benefits

- R290 refrigerant & C5H10 heatinsulation materials

which are Eco-Friendly materials.

- Hydrophilic film aluminum sheet,

good heat exchange efficiency.

- Selection of capillary, efficient configuration,

zero failure rate.

- Smart defrosting mode, smart and humanized control, more efficient.

- Dust gauze design, can be removed for cleaning, easy operation,

avoid dustin condenser, increase refrigerating capacity.

- Automatic evaporation draining system.

- Low working noise.

- Comomn for GN pan, ica cream bin, oven tray.

MATERIAL

Stainless
steel

Model: BF610
